

PRODUCT NAME:
20LTR METAL JERRY CAN WITH NOZZLE
PRODUCT CODE/S:
JC206
OVERVIEW

A DURABLE, HIGH-CAPACITY METAL JERRY CAN DESIGNED FOR SECURE FUEL OR LIQUID STORAGE AND TRANSPORTATION.

DETAILS:
Key Features:

- Heavy-duty metal construction for durability and impact resistance.
- 20-liter capacity, suitable for large volume storage.
- Leak-proof design with a secure locking cap.
- Includes a nozzle for easy pouring and reduced spillage.
- Resistant to rust and corrosion.

Application Area

1. **Fuel Storage and Transport:** Ideal for storing and safely transporting fuel for vehicles, boats, generators, and machinery.
2. **Water Storage:** Useful for camping, emergency preparedness, and outdoor activities.
3. **Chemical Handling:** Can be used for agricultural, industrial, or household chemical storage.
4. **Emergency and Military Use:** The metal jerry can (JC206) is particularly suitable for rugged environments, including military and off-road applications.

DIRECTIONS FOR USE

1. **Filling:** Ensure the container is placed on a stable surface and fill it carefully to avoid spills.
2. **Sealing:** Always secure the cap tightly to prevent leaks and evaporation.
3. **Transporting:** Store in an upright position and secure during transport to avoid tipping.
4. **Pouring:** Use the nozzle (JC206) or a suitable pouring spout for controlled dispensing.
5. **Storage:** Keep in a cool, dry place, away from direct sunlight and heat sources.
