

PRODUCT NAME:

PRO WIRE BRUSH

PRODUCT CODE/S:

WB35

KEY FEATURES:

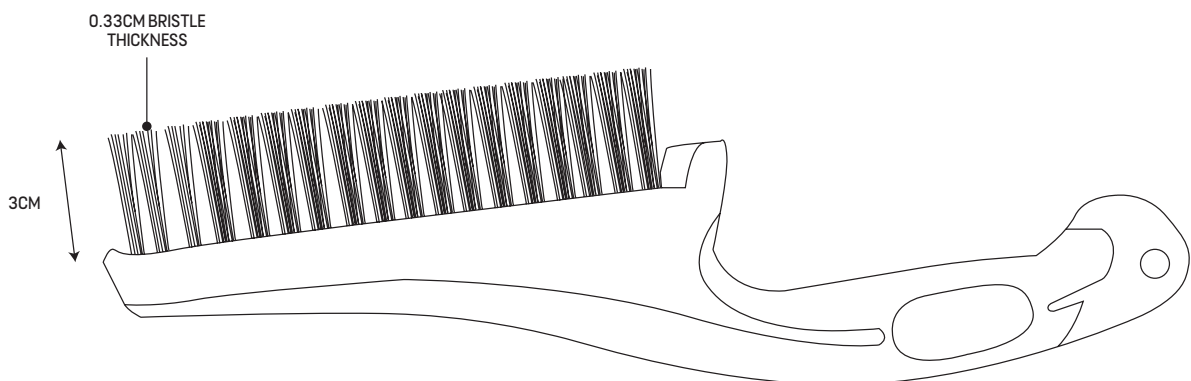

Wire brushes are highly effective at removing rust, paint, scale, and other surface contaminants from metal surfaces. They provide aggressive cleaning action, making them ideal for preparing surfaces for welding, painting, or coating applications.

Professional wire brushes are typically constructed with high-quality materials such as steel or stainless steel wire, ensuring durability and long-lasting performance even under heavy use.

Professional wire brushes are designed with safety features such as ergonomic handles and secure bristle attachments to minimize the risk of accidents and injuries during use. Proper handling and personal protective equipment (PPE) are recommended when using wire brushes to ensure user safety.

MATERIAL:

Steel

SIZE CHART
