

PRODUCT NAME:

FFP3 - 3 PCS MOULDED VALVED DUST MASKS

PRODUCT CODE/S:

SE137578 : 3PC

KEY FEATURES:

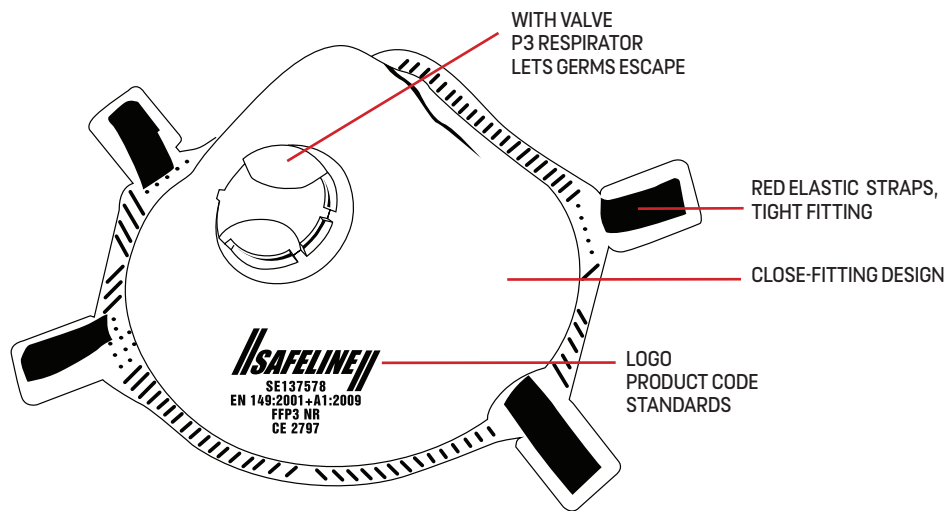

FFP3 dust masks are designed to protect the wearer from inhaling hazardous particles, including dusts, fumes, and mists. Some of the features of FFP3 dust masks include:

- High filtration efficiency: FFP3 masks are designed to filter at least 99% of airborne particles, including fine dust, fumes, and mists.
- Close-fitting design: FFP3 masks have a close-fitting design that provides a secure seal around the nose and mouth, reducing the risk of air leaks.
- Comfortable to wear: FFP3 masks are designed with comfort in mind, often featuring adjustable nose clips and straps for a secure fit.
- Durable construction: FFP3 masks are made from high-quality materials, such as polypropylene, that are durable and long-lasting.
- Convenient to use: FFP3 masks often have a simple design that makes them easy to put on and take off, and they can be easily stored when not in use.

INFORMATION

FFP3 respirator featuring a bigger and stronger cup compared to other FFP3 masks. Gasket around face joint and wide adjustable elastic bands for ultimate wearer comfort. High performing exhalation valve works efficiently to reduce heat inside the mask and provides comfort when used in hot and humid conditions. Dolomite optional clogging test for maximised breathability comfort.
