

**PRODUCT NAME:**

25MM X 7.5M X 500KG RATCHET STRAP

PRODUCT CODE/S:

TL451

KEY FEATURES:

Supplied as a single strap with a ratchet unit attached to one end, these industrial load straps come in a wide range of sizes and specifications. Tension is applied by looping the strap around the cargo and threading it back through the ratchet. They are designed to securely fasten cargo for transportation and are finished in a vibrant, attractive orange color.

Features and Benefits

- Available in 7.5m to meet various load requirements
- Durable metallic ratchet unit ensures secure cargo fastening
- Vibrant orange color makes the straps easily identifiable, even in low light conditions

Typical Applications

- Specifically designed to secure various types of cargo during transportation
