

PRODUCT NAME:

MIG WELDERS GLOVE

PRODUCT CODE/S:

CL7030

KEY FEATURES:

MIG WELDERS GLOVES ARE SPECIALLY DESIGNED FOR THE RIGOROUS DEMANDS OF METAL INERT GAS (MIG) WELDING. THESE GLOVES PROVIDE EXCELLENT PROTECTION FROM HEAT, SPARKS, AND ABRASIONS WHILE ALLOWING FOR A COMFORTABLE AND PRECISE GRIP ON WELDING TOOLS.

- **HEAT RESISTANCE:** HIGH-TEMPERATURE RESISTANCE TO PROTECT HANDS FROM HEAT, SPARKS, AND MOLTEN METAL SPLATTER.
- **DURABLE CONSTRUCTION:** MADE FROM PREMIUM SPLIT COWHIDE OR GOATSKIN LEATHER FOR SUPERIOR DURABILITY AND LONGEVITY.
- **ERGONOMIC FIT:** DESIGNED TO PROVIDE A SNUG FIT, ENSURING FLEXIBILITY AND COMFORT DURING EXTENDED USE.
- **KEVLAR STITCHING:** REINFORCED WITH HIGH-STRENGTH KEVLAR THREAD FOR ENHANCED DURABILITY AND RESISTANCE TO HEAT AND WEAR.
- **EXTENDED CUFF:** OFFERS ADDITIONAL PROTECTION FOR THE WRISTS AND LOWER ARMS FROM HEAT AND SPARKS.
- **PADDED PALM:** EXTRA CUSHIONING IN THE PALM AREA FOR SHOCK ABSORPTION AND ADDED COMFORT.
- **CUT RESISTANCE:** SOME MODELS INCLUDE CUT-RESISTANT LINING FOR ADDED SAFETY.

DETAILS:

Material:	Split cowhide or goatskin leather
Lining:	Cotton or fleece for added insulation
Stitching	Material: Kevlar thread

Applications	MIG welding Metal fabrication Automotive repair Shipbuilding Heavy machinery maintenance General welding protection
