

DESCRIPTION & FEATURES

Weight: 16oz/450g
Drop-forged hammerhead
Heat treatment, 45# carbon steel
Hardwood handle
Packed by label

16oz

Drop forged

SELLING POINTS

1. The hammer head is forged with high-quality high-carbon steel and heat-treated for excellent durability, strength and toughness. Finely polished surface and rust-proof transparent coating ensure durability. 2. The wooden hammer handle is smoother and more comfortable. 3. The connection between the hammer head and the handle is rounded and wedge-shaped, making it safer to use.
