

PRODUCT NAME:

HITACHI H55SA POINT 15"

PRODUCT CODE/S:

914112

OVERVIEW

BUILT FOR PRECISION AND DURABILITY, THE 15 POINT 1 1/4 . 6 1/4 CHISEL IS DESIGNED FOR DEMANDING TASKS IN MASONRY, CONCRETE, AND METALWORKING. WITH A 6 1/4-INCH POINT AND A 1 1/4-INCH CHISEL WIDTH, THIS TOOL DELIVERS SHARP, ACCURATE CUTS. ITS HARDENED STEEL CONSTRUCTION ENSURES LONG-LASTING PERFORMANCE, WHILE THE ERGONOMIC DESIGN OFFERS SUPERIOR GRIP AND CONTROL, REDUCING HAND FATIGUE DURING EXTENDED USE.

DETAILS:

Key Features:

- **Precision Point:** The 6 1/4-inch point delivers detailed cutting and shaping, perfect for stone, concrete, and metalwork.
- **Hardened Steel:** Constructed from premium hardened steel for maximum strength, ensuring long-lasting use in demanding applications.
- **Ergonomic Design:** A comfortable handle reduces hand fatigue, making it easier to control during extended use.
- **Versatile Application:** Ideal for masonry work, metal shaping, and various construction projects.

Length	15 inches
Chisel Width	1 1/4 inches
Point Length	6 1/4 inches
Material	Hardened steel for durability and long-lasting use.
Design	Ideal for heavy-duty applications, offering precision in breaking and shaping materials.
Grip	Comfortable handle designed for better control and reduced hand fatigue.
Usage	Suitable for masonry, concrete, stonework, and metalworking projects.
Features	The chisel point is designed for detailed work, allowing for sharp, accurate cuts.
